

Key Facts

- **Fairtrade** is a way of buying and selling products that allows the farmers to be paid a fair price for their produce and have better working conditions.
- Common Fairtrade foods include:
 - ◆ Fruits - bananas, mangoes, pineapples and grapefruit
 - ◆ Chocolate
 - ◆ Tea and Coffee
 - ◆ Sugar
 - ◆ Honey
- **The UK is in the Northern Hemisphere** - This means it is in the top half of the Earth and has different seasons, like summer and winter.
- **The Tropics** - This is the area near the middle of the Earth, between the Tropic of Cancer and the Tropic of Capricorn. It is usually hot and sunny.
- **Tropical Climate** - A place with a tropical climate is warm and wet for most of the year. Many Fair Trade products, like bananas and cocoa, grow here.
- **Temperate Climate** - A place with a temperate climate has warm summers and cool winters. The UK has this kind of climate.
- The UK imports food from many different places around the world.
